SUMMARY

Computer Systems Engineering student at Palestine Technical University – Kadoorie with a strong interest in Front-End Development and building responsive, user-friendly web applications. Skilled in HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, Git, and GitHub, with hands-on experience through personal projects and technical training. Currently a Front-End Development Trainee at BinX Tech and a Student Ambassador at ENG4YOU, continuously enhancing technical, problem-solving, and collaboration skills. Passionate about learning modern web technologies and creating clean, responsive, and intuitive user experiences.

EXPERIENCE

Front-End Development Trainee

Jul 2026 – Current

BinX Tech — Nablus

- Participating in intensive Front-End Development training focused on building modern and responsive web interfaces.
- Applying HTML, CSS, and JavaScript fundamentals through practical projects.
- Improving skills in UI development, clean code practices, and user experience principles.

Student Ambassador

May 2026 – Current

ENG4YOU — Remote

- Selected as a Student Ambassador to support promoting educational opportunities and engaging with the student community.
- Developed communication, leadership, and teamwork skills through community activities.

EDUCATION

Bachelor's Degree, Computer Engineering

Jan 2024 – Aug 2029

Palestine Technical University – Kadoorie

- Relevant Coursework: Programming Fundamentals (C++), Object-Oriented Programming (OOP), Data Structures, Computer Systems Basics

SKILLS

Languages & Concepts: HTML, CSS, JavaScript Fundamentals, C++, Java, Data Structures, Object-Oriented Programming (OOP)

Frameworks & Tools: Bootstrap, Tailwind CSS, Git, GitHub, VS Code

Focus Areas: Responsive Web Design, Problem-Solving

LANGUAGES

Arabic — Native | English — Intermediate

ACHIEVEMENTS

- Selected for a competitive Front-End Development Internship at BinX Tech during the second year of Computer Systems Engineering studies.
- Developed multiple front-end projects using HTML, CSS, JavaScript, Bootstrap, and Tailwind CSS, strengthening practical web development skills.
- Built responsive and user-friendly web applications, including a To-Do List, Personal Portfolio, and other front-end projects.
- Actively participated in technical bootcamps and workshops, continuously enhancing skills in web development, AI, and software engineering.

CERTIFICATIONS & LICENSES

- One Million Prompts Program — Dubai Centre for Artificial Intelligence
- AI Foundations & MVP Bootcamp — BinX Tech
- Web Development Boot Camp — CSE Club, PTUK
- Palestine Launchpad with Google – Intro to Programming — Udacity
- Building a Personal Bio Page Workshop — Qafza
- Java & Object-Oriented Programming (OOP) — Noqta
- Data Structures — Noqta
